IMPORTANT GOVERNMENT ORDERS

PUBLIC WORKS AND ELECTRICITY SECRETARIAT

Reorganisation of the Electrical Inspectorate.

READ;—

1. Government Order No. PWD 60 GEM 57 dated, 14th/23rd August 1957,
2. Government Orde No. PWD 7 EIG 77 dated 19th May 1978.
3. Letter No. E G/8304/76-77 dated 16th September 1976 from the Electrical Inspector to Government, Bangalore.

PREAMBLE :—

The present set up of the Electrical Inspectorate with the Electrical Inspector to Government as its head came into existence in the year 1957 consequent on the abolition of the former Electricity Department and constitution of the State Electricity Board *vide* Government Order No. PWD 60 GEM 57 dated 14th/23rd August 1957;

The jurisdiction of this Department covers the entire State and it has got a statutory obligation of testing the Electrical Installations at the time of installation and inspecting them as well as transmission and distribution lines periodically thereafter. The Electrical Inspector to Government has reported to Government that the existing staff was sanctioned about 21 years ago when the total number of installations to be inspected by the Department was 32 335 and the total length of lines to be inspected was 12,445 K. Ms and that the numbers of the said installations and the length of lines have been increased to 3.20,392 and 1 79;381 K.Ms respectively as on 31st March 1976. There has, however, been no increase in the staff for the last 21 years which has made it impracticable to discharge the statutory obligations of the Department.

In order to cope with situation adequately and to make it possible to undertake the inspections and tests at the required times the Electrical Inspector to Government has recommended the reorganisation of the Department suitably. While doing so, he has also reported that the fees prescribed for inspection and tests are about 2 years old and that they too deserve upward revision in view of the increase in the cost of maintenance of staff and equipments required for the tests and inspections. His proposal for the upward revision of fees for tests and inspections has been accepted and orders have been issued separately in that behalf with effect from 19th May 1978 resulting in the increase of revenue to an extent of about Rs. 16.50 lakhs per annum, *vide* P. W. D. 7 E. I. G. 77 dated 19th May 1978.

The proposal regarding the reorganisation of the Department has also been considered in all aspects by the Department of Personnel and Administrative Reforms (Administrative Reforms and also scrutinised and accepted by the Staff Screening and Committee.

The financial implications of the integrated proposal of the Electrical Inspector to Government involves an additional revenue to an extent of Rs. 16 50 lakhs by the increase in the fees for inspections and tests and a non- recurring expenditure to an extent of Rs. 5.78 lakhs and a recurring expenditure to an extent of Rs. 14.45 lakhs per annum.
